## ANALYSIS

This is the first request for an Extension of Time of a previously approved Site Development Plan Review (SDR-22502) for a proposed 23,544 square-foot Private School, Primary on 4.90 acres adjacent to the northeast corner of Alta Drive and Hualapai Way. Since the original approval of the Site Development Plan Review (SDR-22502), the applicant has not been issued a building permit for the primary structure on the subject site. Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principal structure on site, unless otherwise specified in connection with its approval.

## **FINDINGS**

The Site Development Plan Review (SDR-22502) has not met the requirements outlined in Title 19.18.050, since no permits have been issued for the proposed project. The applicant is requesting a two-year extension of time to complete the design for the new school and begin construction. The area surrounding the proposed development has experienced some land use changes and new construction in the form of offices, pre-school, and single-family residences, but none that negatively affect the proposed project. Staff recommends approval of this request with a two-year time limit. Conformance to the conditions of approval of Site Development Plan Review (SDR-22502) and all other site related actions shall be required.
